With approximately 1.3 million residents spread across the Omaha|Council Bluffs and Lincoln Metropolitan Statistical Areas, the Omaha MSA is renowned for its beef industry, yet it also serves as a major technology hub. Combined with Omaha's central location, well-educated labor force and communications infrastructure, Omaha's modern economy is diverse and built primarily on skilled-knowledge jobs.

Located on the western banks of the Missouri River, Omaha boasts a steady economy with a low unemployment rate and an affordable cost of living which proves enticing for both companies and families. Between 2010 and 2016, the city expanded by seven percent, growing two percent more than the nation. Over the past 10 years, the MSA has created 31,000 jobs, two times as many as the national average.

It's been named one of the Top 10 Cities to Raise a Family. The Henry Doorly Zoo and Aquarium continues to be ranked one of the best zoos in the world by TripAdvisor. Baseball fans throughout the country converge on the city every June for the College World Series. CHI Health Omaha Convention Center is a full-service convention center and arena with exhibit halls, ballrooms and meeting rooms. The arena is the largest in the state and hosts concerts of all genres, family shows, sports, rodeos and circuses. The center has hosted Summer Olympics Swim Trials and NCAA Division I Men's Basketball Tournaments.

Omaha is home to four Fortune 500 companies: Warren Buffet's Berkshire Hathaway; one of the world's largest construction companies, Kiewit Corporation; the nation's largest railroad operation, Union Pacific Corporation; and the multi-line insurance, banking and financial products giant, Mutual of Omaha.

As noted above, the area has been rapidly growing and is the 39th fastest growing metropolitan area in the nation. Neighboring Council Bluffs, Iowa is exploding with new growth and the two cities are working together on many major development and redevelopment projects. Despite its growth, Omaha is known as a 20-minute city. Residents and visitors can travel nearly anywhere in town within a short amount of time, making it a convenient place to live, play and work.
